

Now's the best time to switch to subscription

Secure discount pricing as long as you renew*

When it is time to renew your maintenance plan, you have got options

Renewal-time special offer

At time of renewal, you can choose to move to subscription for the same cost as your maintenance plan renewal - or switch to an industry collection at a special price. As long as you continue to renew, you will enjoy special pricing, which will be lower than maintenance plan renewal pricing and far below the cost of purchasing a new subscription.

If the timing does not work for you now, you can switch to subscription next year or the year after.

Why switch now?

- The convenience of charging subscription cost annually to projects;
- Frequent product updates that you can decide when to consume;
- More convenient support including “schedule a call” for faster engagement times;
- Simpler administration of software when standardising products on subscription;

What are the benefits of switching to subscription?

The price to switch will increase by 5% in 2018 and another 5% in 2019, so the earlier you switch to subscription, the less it will cost.
